CALL TO ORDER

Meeting convened at 6:03 p.m.

APPROVAL OF MINUTES OF FEBRUARY 13, 2019

M/Bjork, S/M. Anderson – motion carried 5-0

PUBLIC COMMENTS

Bjork acknowledged River Falls School District Superintendent, Jamie Benson, and staff for the excellent commemorative send-off for the Academy building. All agreed that it was a successful farewell.

DISCUSSION ITEMS

1. Power Plant – Local Landmark

Heinze prepared a draft letter to Scot Simpson regarding the proposed landmark designation for the Power Plant/site that was distributed at the February HPC meeting. The Commission reviewed the draft and discussed edits, including the addition of a line requesting the City Council to direct staff to draft a resolution of support for landmark designation. The HPC asked staff to make some other minor edits, add an image to depict the proposed area for designation, and to provide the signed letter to Scot Simpson and the City Council.

2. Chapter 3 of the Preservation Plan

Staff provided a revised draft of Chapters 1-3 of the Preservation Plan. The HPC reviewed the proposed changes and suggested some additional revisions. Howe will revise the documents and provide an updated version at the March meeting that will include the next chapter of the plan.

3. Veteran's Park Plaque

Heinze reported that she found a newspaper article from 1948 that references "Main Street Park" as the place where a "list of honored soldiers" was displayed during war years. She also prepared draft verbiage for a plaque, which was reviewed by the HPC and they offered some edits. Heinze will share the draft with American Legion for their review. Once that has been signed off on by the Legion, staff will get a cost estimate to have the plaque made in bronze, as requested by the Legion.

4. NPS Grant Opportunity for Swinging Bridge Restoration

Page reported that he and City staff met to come up with a game plan to write and submit the grant for swinging bridge rehabilitation. He and staff will be working on this and plan to submit by the April 1, 2019 deadline.

5. Plaque for the Walker Farm

Heinze reported that Carrol Mottaz requested a plaque to mark her home as the Walker Farm. Heinze noted that in these cases the HPC has split the cost of the plaque 50/50 with the property owner. The HPC reviewed draft text provided by Carrol Mottaz and will research this a little further in advance of the next meeting. Once a narrative has been finalized, staff will get a quote for an angled plaque on a pedestal.

6. Local Landmark/National Register Outreach

Howe reported that Joe DeRose from the Wisconsin Historical Society offered to come to River Falls to hold a workshop to educate residents about local and national landmark designations. The HPC will consider this as they go forward with this work plan item.
